Re: TOBACCO SUBSTITUTE AND METHOD MAKING THE SAME Inventor: Hind
File 582-509A - PM 456

Dear Howard:

I am enclosing a suggested affidavit that might be used in the case named above. If this should be suitable and adequate for your purpose, let me know immediately and I will get Jack Hind to sign the affidavit. Jack is quite willing to sign such an affidavit and, as you can see, it was modeled on one which has been accepted previously by the patent examiner.

Sincerely,

Thelma
